

NORTH SOUTH UNIVERSITY

Center of Excellence in Higher Education

The first private university in Bangladesh

SCHOOL OF BUSINESS & ECONOMICS

Department of Economics

Course Name:	Introduction to Macroeconomics
Course Code & Section No.:	ECO 104 Section 22, 23
Semester:	Summer 2026

INSTRUCTOR AND DEPARTMENT INFORMATION

1. Instructor Name:	Parisa Shakur (PSk)
2. Office Room:	NAC 823
3. Office Hours:	ST 12 noon -1:00 pm & 3:00-4:15pm MW 1:15 pm - 4:15 PM or by appointment
4. Office Phone:	+880-2-55668200, Ext: 1809
5. Email Address:	parisa.shakur@northsouth.edu When emailing me, at the end of the message, include your full name and student ID#. The subject should always read: "ECO 104" and a brief description of the topic(s) to be discussed in the main body such as "appointment", "missed class" etc.
6. Department:	Economics
7. Links:	North South University Website: www.northsouth.edu School of Business and Economics Link: http://www.northsouth.edu/academic/sob/

COURSE INFORMATION

Class Time & Location	Section 22: MW 6:00 PM-7:30 PM at NAC 403 Section 23: MW 4:20 PM - 5:50 PM at NAC 403
Course Prerequisite(s)	None
Course Credit Hours	3
Course Description	The course introduces the principles of macroeconomic analysis, its analytical methods with current institutional and empirical issues. It familiarizes students with basic macroeconomic concepts such as prices and unemployment, nominal and real GDP, aggregate demand, and aggregate supply. The course covers topics such as Classical Macroeconomics and the Self-Regulating Economy; Keynesian Macroeconomics and Economic Instability; Fiscal Policy and Federal Budget; Money, Banking and the Financial System; Money and the Economy; and Monetary Policy. It also provides introductory accounts of economic growth and international trade.
Course Objectives	The objectives of this course are to introduce key macroeconomic concepts to students and equip them with useful analytical tools so that they learn how to think about broad economic problems.

Student Learning Outcomes	By successfully completing this course, students should be able to: 1. Outline the major macroeconomic problems and the key macroeconomic measures that can be used to identify these. 2. Compute and explain the basics of the major macroeconomic measures such as GDP, real GDP, unemployment, and inflation. 3. Apply both aggregate supply/demand analysis and Keynesian aggregate expenditure analysis to determine aggregate output. 4. Understand the basic mechanisms of and key differences between the framework of self-regulating economy and the framework that argues in favor of government intervention. 5. Evaluate the role of fiscal and monetary policy in bringing about changes to aggregate output and price level. 6. Explain the key factors that lead to economic growth and how these factors affect growth.

TEXTBOOK (S)

Required Text:

- Arnold, Roger A. 2014. *Macroeconomics*. 13th Edition. South-Western, Cengage Learning - International Edition.

Supplementary Text:

- Parkin, Michael. 2014. *Economics* (Chapters 21-31). 11th Edition. Pearson - Global Edition.
- Mankiw, Gregory N. 2013. *Macroeconomics*, 8th Edition, Macmillan - International Edition.

TEACHING STRATEGY

For each topic, prepared lecture slides can be accessed through a printed compiled book available for purchase from the office room. During lectures, I will use these slides to explain the topics in as much detail as possible. Students are expected to take notes to supplement materials presented in lecture slides. Students are encouraged to ask questions and participate actively in class. The tentative lecture plan is given below:

Lecture No.	Topic	Relevant Chapters (Arnold)
1	Introduction & General Discussion	-
2	What Economics is About	1
3	Supply and Demand Theory	3
4 & 5	Macroeconomic Measurements, Part I: Prices and Unemployment	6
5 & 6	Macroeconomic Measurements, Part II: GDP and Real GDP	7
7	Midterm Examination 1	Lecture 2-6

8-10	Aggregate Demand and Aggregate Supply	8
11-12	Classical Macroeconomics and Self-Regulating Economy	9
12, 13	Keynesian Macroeconomics and Economic Instability	10
14,15	Fiscal Policy and the Government Budget	11
16	Midterm Examination 2	Lecture 8-11
17	Money, Banking, and the Financial System	12
18	The Central Bank	13
19, 20	Money and the Economy	14
21,22	Monetary Policy	15
23,24	Economic Growth	17
Final Exam	Final Exam Syllabus: Ch. 12,13,14,15,17 Note: The instructor reserves the right to make changes to the course outline as well as the syllabus if necessary.	

EVALUATION CRITERIA

Grading Tool	% Contributing towards the Final Score
Reflective Paper	30%
Mid Term 1	20%
Midterm 2	25%
Final Exam	25%
Total	100%

GRADING POLICY

Grades will be assigned according to NSU grading policy.

ATTENDANCE POLICY

5% of the final score has been assigned to attendance. This is to give the students an additional incentive to attend classes since attending lectures is of paramount importance if one wants to do well in this course. Just by attending all classes, a student can obtain these points. No point will be deducted if a student misses only three classes. After that, for each class marks will be deducted. Students are expected to arrive at the lectures on time. If anyone is late for an unavoidable situation, then s/he must let the instructor know about it at the end of the class to ensure attendance.

POLICY ABOUT MAKE-UP EXAMS

Make-up examination is possible only in cases of documented illness or extreme personal emergencies. Students with such cases will be allowed to take make up only for one of the midterms i.e., if anyone misses both the

midterms, s/he will be assigned zero in one of them. The only make-up exam will be taken on a suitable date after the 2nd midterm and prior to the final exam.

CLASSROOM RULES OF CONDUCT

A student can use her/his laptop in the class for class related work, e.g., taking notes. Use of laptop for non-class related work or in any manner that will be distracting to other students, or the instructor is strictly prohibited. Students should keep all their communication devices (such as mobile devices, pagers, iPod, beepers etc.) turned off during the class. If someone needs to use one of these, then s/he should go outside of the classroom.

ACADEMIC INTEGRITY POLICY

The School of Business does not tolerate academic dishonesty by its students. At a minimum, students must not be involved in cheating, copyright infringement, submitting the same work in multiple courses, significant collaboration with other individuals outside of sanctioned group activities, and fabrications. Students are advised that violations of the Student Integrity Code will be treated seriously, with special attention given to repeated offenses. For details, refer to NSU Student CODE OF CONDUCT at: www.northsouth.edu/student-code-of-conduct.html

APPROPRIATE USE POLICY

All members of the North South University community must use electronic communications in a responsible manner. The University may restrict the use of its computers and network systems for electronic communications subject to violations of university policies/codes or local laws or national laws. Also, the university reserves the right to limit access to its networks through university-owned or other computers, and to remove or limit access to material posted on university-owned computers.

Wish you all the best. Let's hope to have a wonderful semester!!!
